ITALIAN DESIGN SOLUTION

DINNING

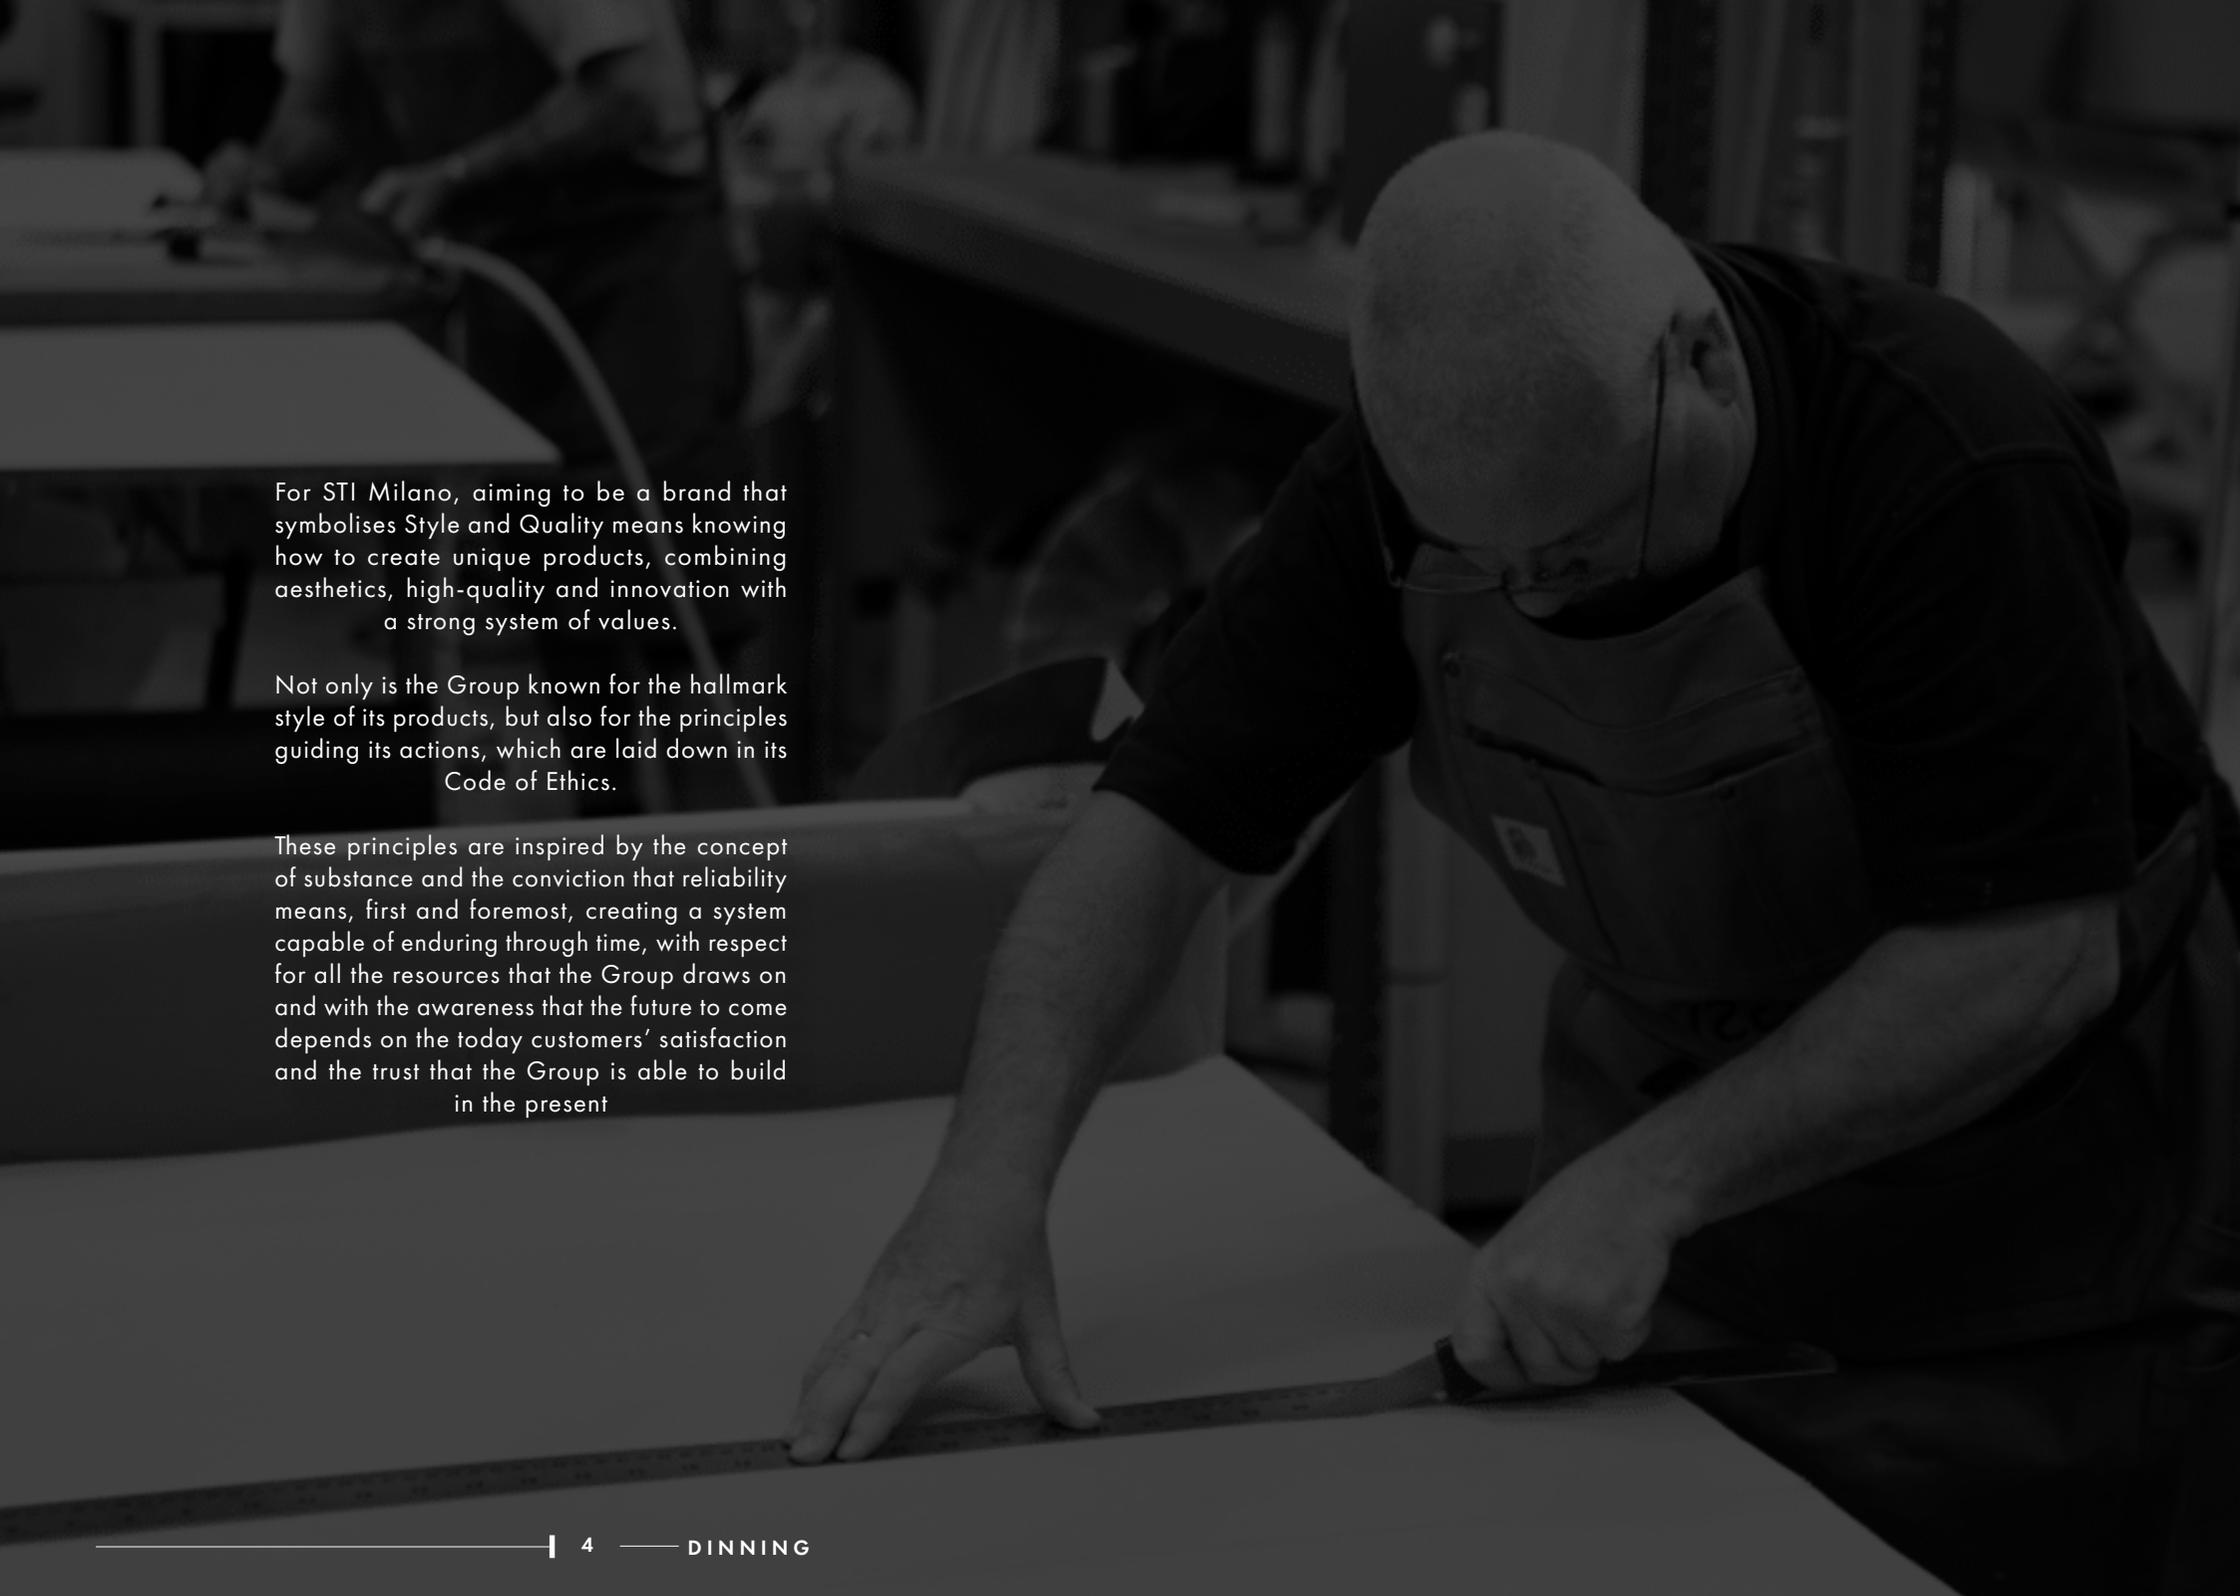

W W W . S T I M I L A N O . I T

STI Milano was established by a group of professionals in the fields of Architecture and Design and born out from their vision of bringing together the world of Haute couture with the Architecture of excellence, keeping the Design as common denominator:

The courageous idea and the refined hand of the haute couture tailor, meeting the creative thought and rational pencil of the architect of excellence in order to conceive customized solutions that stand the test of time.

For STI Milano, aiming to be a brand that symbolises Style and Quality means knowing how to create unique products, combining aesthetics, high-quality and innovation with a strong system of values.

Not only is the Group known for the hallmark style of its products, but also for the principles guiding its actions, which are laid down in its Code of Ethics.

These principles are inspired by the concept of substance and the conviction that reliability means, first and foremost, creating a system capable of enduring through time, with respect for all the resources that the Group draws on and with the awareness that the future to come depends on the today customers' satisfaction and the trust that the Group is able to build in the present

STI - DINNING

The values of Italian manufacturing on which the company is built are a precious heritage that, year after year, STI imbues upon the design and manufacture of it's collections.

TABLE INDEX

A collection in the name of continuous aesthetic research, which explores the most diverse styles and inspirations. With an exceptional variety of materials and finishes, from big to small dimensions, STI Milano offers range from the most classic to the most versatile. Cardinal Table, Chair and Sideboard elements of the convivial area.

KING PG - 008 001

BALANCE PG - 010 002

SONIC PG - 012 002

SAIL PG - 014 003

OCEANIS PG - 016 004

DOMINO PG - 018 004

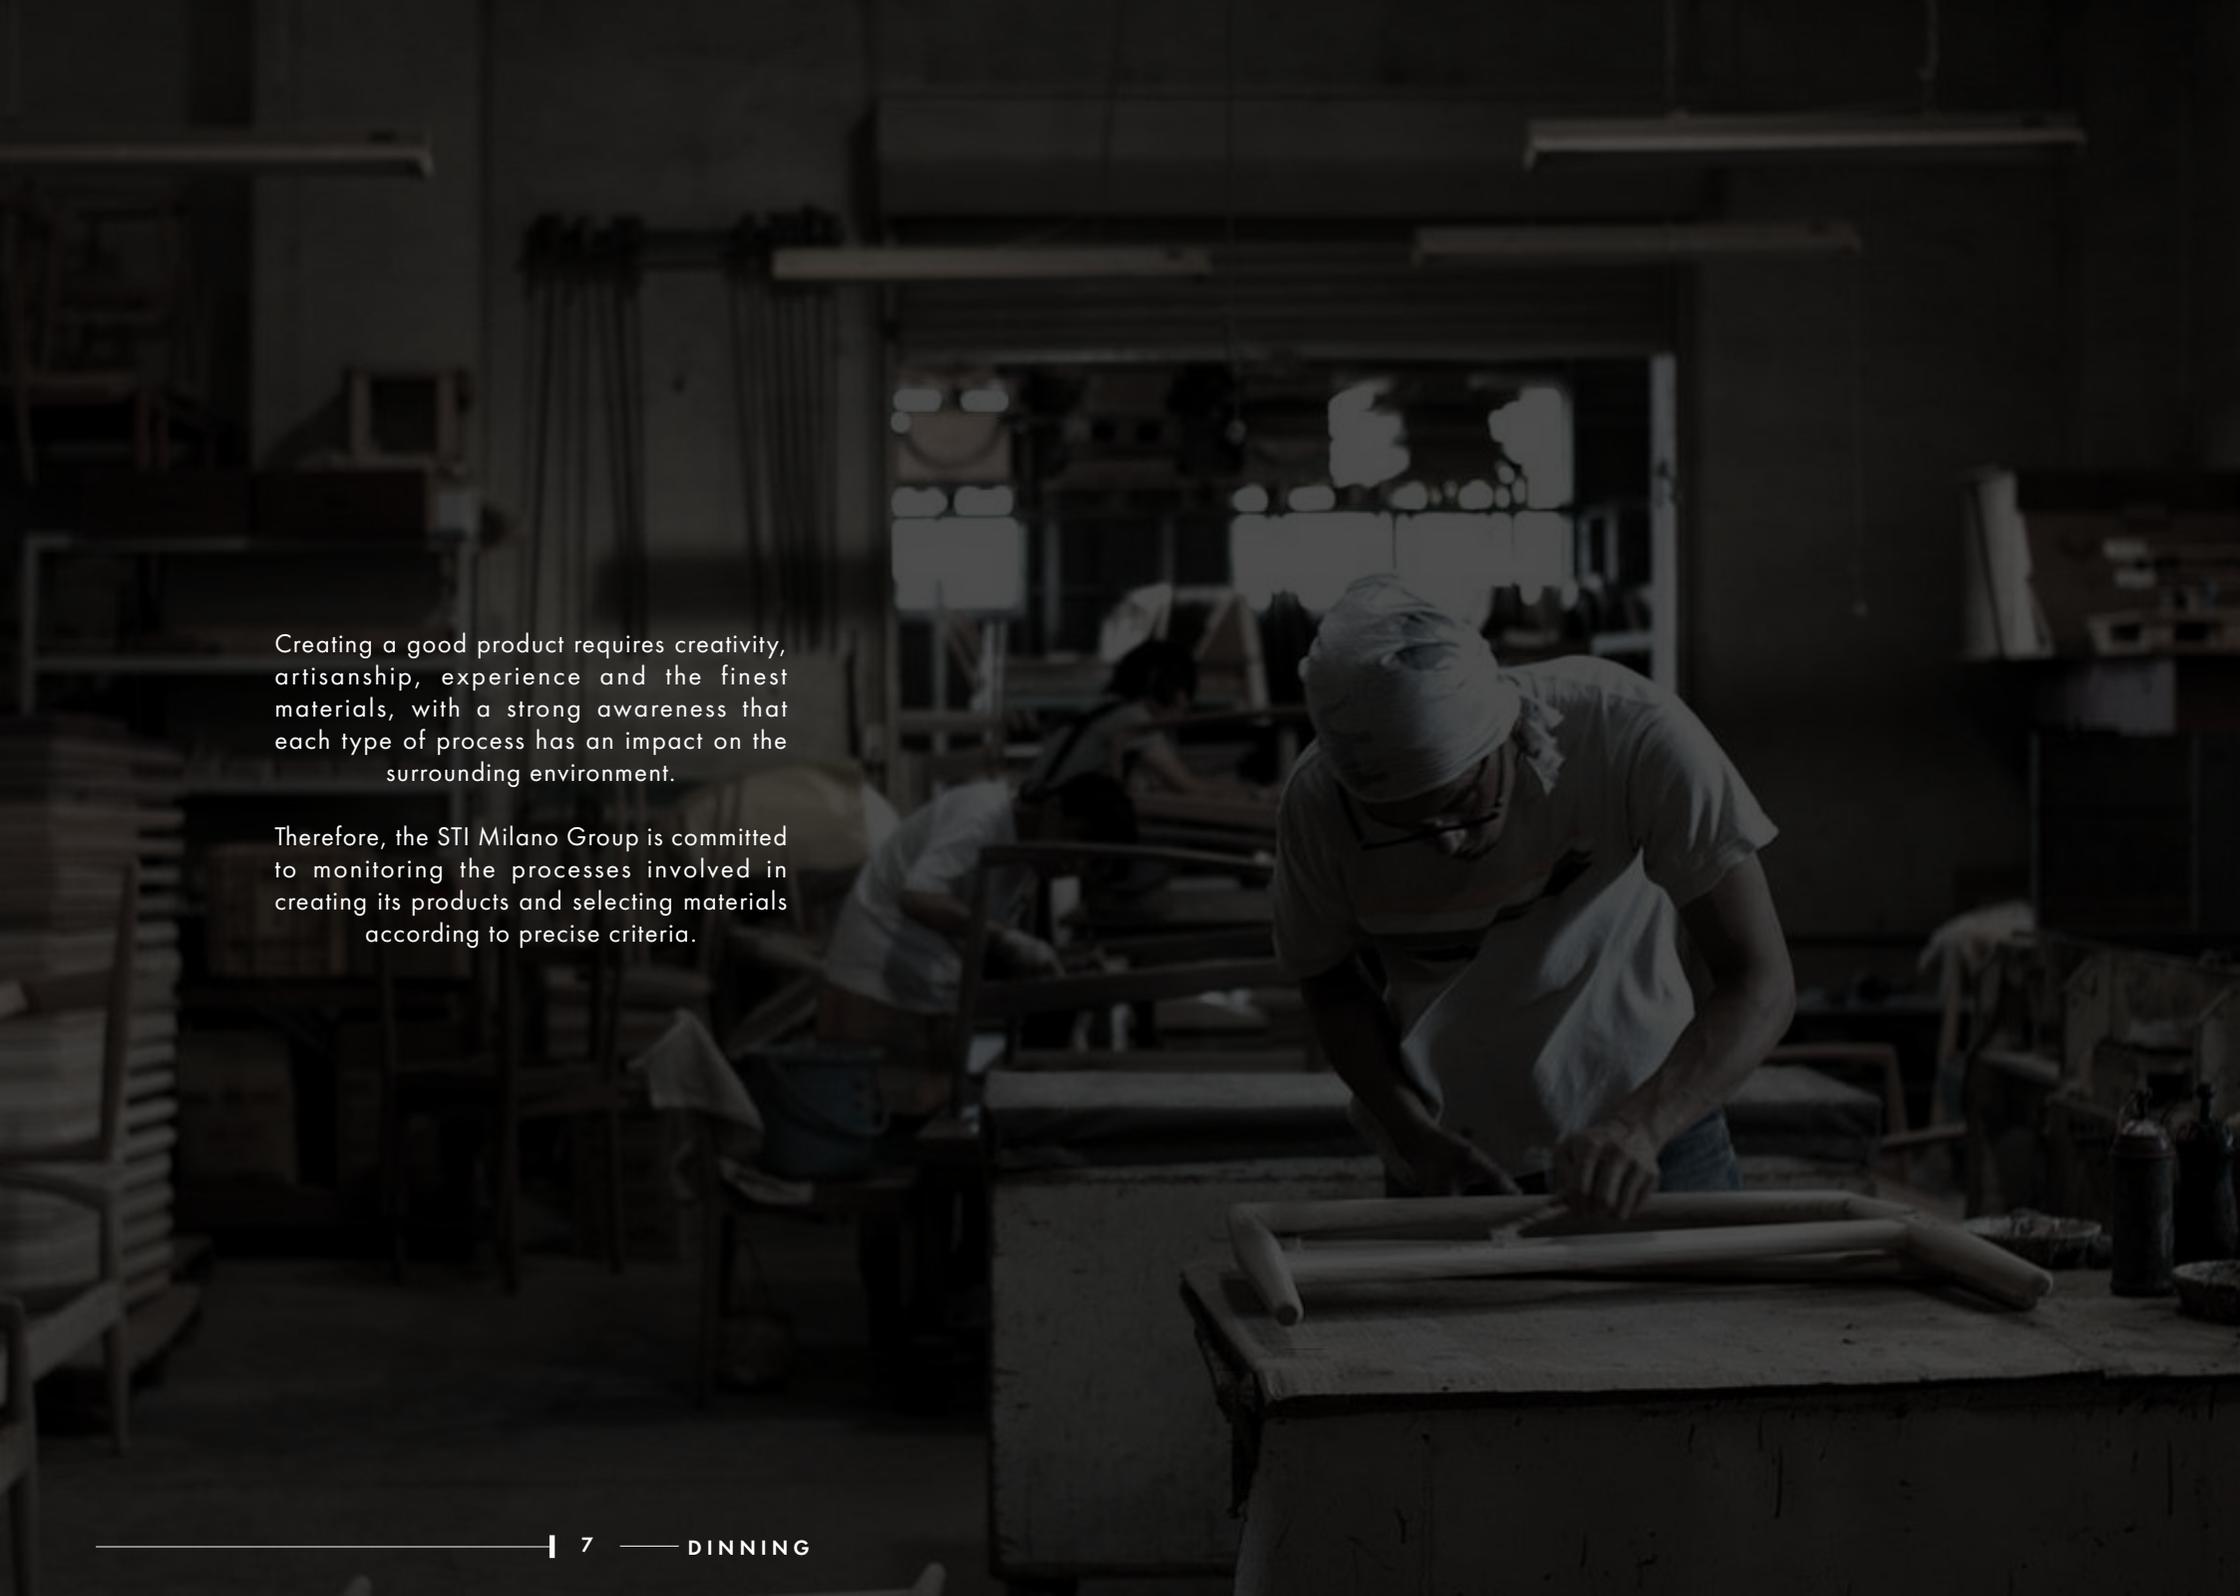

CLIMB PG - 020 005

CROWN PG - 022 006

MONZA PG - 024 006

Creating a good product requires creativity, artisanship, experience and the finest materials, with a strong awareness that each type of process has an impact on the surrounding environment.

Therefore, the STI Milano Group is committed to monitoring the processes involved in creating its products and selecting materials according to precise criteria.

KING

DESIGN BY : XAVIER DEHOE

The King dining table by STI is not just a piece of furniture but a statement of sophisticated design and craftsmanship. Its combination of luxurious marble and artistically crafted wood ensures it stands out in any setting, offering both functionality and a touch of timeless elegance.

KING

BALANCE

DESIGN BY : SALVATORE BONURA

Elegant, Harmonious , Sophisticated.
The Balance table combines an incredibly original and modern base with a classic rounded marble top. The metal legs expertly worked to give movement and dynamism to the table top, with its timeless beauty and solidity. The Balance table comes to life as a unique piece of design.

BALANCE

SONIC

DESIGN BY : STI MILANO STUDIO

Sonic extendable table is statuesque with a metal base composed of two bold sculptured legs.

Let the magnificence of sonic lift your dining room to new heights with their elegantly refined design.

The table comes in a multitude of variations and finishes.

SONIC

SAIL

DESIGN BY : STI MILANO STUDIO

Seen from above, the base recalls the fascinating lunar orbit, hence its name. Three ash wood finishes are available for the base that is made up of over 70 strips. The top, however, can either be glass or shiny and matt ceramic.

The table comes in a multitude of variations and finishes.

SAIL

OCEANIS

DESIGN BY : STI MILANO STUDIO

Oceanis represents the outcome of an exciting challenge of balance that STI Milano has overcome brilliantly thanks to the manufacturing expertise of its artisans. Indeed, this table stands on a single leg that has been manufactured by joining a great number of wooden slats which is then anchored to the floor on a metal base.

OCEANIS

DOMINO

DESIGN BY : STI MILANO STUDIO

The Domino table is named as such precisely because the base recalls the three petals. The structure therefore has a triple wave of wooden slats on which it lays a circular top also available in innovative new stoneware finishes.

DOMINO

CLIMB

DESIGN BY : STI MILANO STUDIO

The original shaping of the veneered top, also available in glass and stoneware, defines the particular elegance of this table and is lightly combined with the expressive strength of sculptural metallic bases, made in different types of finish. The distinctive element of the table is the particular shape of the structure, as well as the extendable tops.

The table comes in a variety of sizes, finishes and typologies, finding an identity in any living and dining space.

CLIMB

CROWN

DESIGN BY : STI MILANO STUDIO

The original base evokes the paper games of the Japanese tradition.

The table comes in a variety of sizes, finishes and typologies, finding an identity in any living and dining space.

CROWN

MONZA

DESIGN BY : STI MILANO STUDIO

The Monza table is designed with a detailed visuality and an architectural effect consisting of separate pieces.

Monza allows personalization with many table options.

MONZA

The key point of the STI Milano's identity is the full expression of the concept of "Made in Italy", which takes shape in the search for balanced solutions between tradition and innovation: the knowledge and experience of talented craftsmen coexist with the most modern technologies.

CHAIR INDEX

A collection in the name of continuous aesthetic research, which explores the most diverse styles and inspirations. With an exceptional variety of materials and finishes, from big to small dimensions, STI Milano offers range from the most classic to the most versatile. Cardinal Table, Chair and Sideboard elements of the convivial area.

LINEA PG - 028 001

WINDING PG - 030 002

SUNRISE PG - 032 002

WISE PG - 034 003

TAO PG - 036 004

NATURAL PG - 040 005

SLALOM PG - 042 006

QUEEN PG - 044 006

LINEA

DESIGN BY : STI MILANO STUDIO

Linea is a family of designer seats that includes chairs, stools, armchairs, lounge chair and pouf. This creation was designed to give a pleasant feeling of comfort, cosiness and protection thanks to its soft lines and selected materials. The seat and backrest are extended with contoured, sloping sections that create an oasis of comfort.

LINEA

WINDING

DESIGN BY : STI MILANO STUDIO

Winding is a family with soft, gentle lines that seem to embrace anyone who is sitting there in an oasis of comfort.

WINDING

SUNRISE

DESIGN BY : STI MILANO STUDIO

Sunrise is defined by the winding, rounded line of the backrest, which matches the one that appears at dawn. With a modern design identity that is minimalist - but at the same time elegant and sophisticated - this family is ideal for both contract and home environments.

SUNRISE

WISE

DESIGN BY : STI MILANO STUDIO

The Wise chair's carefully crafted curves to its seamless construction is a true testament to Italian craftsmanship and design, making it a must-have for anyone who values style, comfort, and quality.

WISE

TAO

DESIGN BY : STI MILANO STUDIO

Just as the wind creates plays of sinuous shapes, Tao also displays soft curves that seem to follow each other across its unique backrest.

A sophisticated, minimalist design for a family that is perfect for both contract and home.

TAO

SARTORIA

DESIGN BY : STI MILANO STUDIO

The front of the sartoria chair is embellished with vertical pleats in the fabric giving it an even softer and more elegant look.

The legs are entirely covered so that there is a continuity to the product. Sartoria is available in fabric or velvet in a wide selection of colours to choose from.

SARTORIA

NATURAL

DESIGN BY : STI MILANO STUDIO

Young and light, this chair makes new emotions blossom in spaces, adapting to the most diverse uses and combinations.

NATURAL

SLALOM

DESIGN BY : STI MILANO STUDIO

A chair with clean and essential lines, in which the materials become a reassuring and pleasant tactile experience.

A simple idea and a contemporary project with a sober, but always distinguishable spirit.

SLALOM

QUEEN

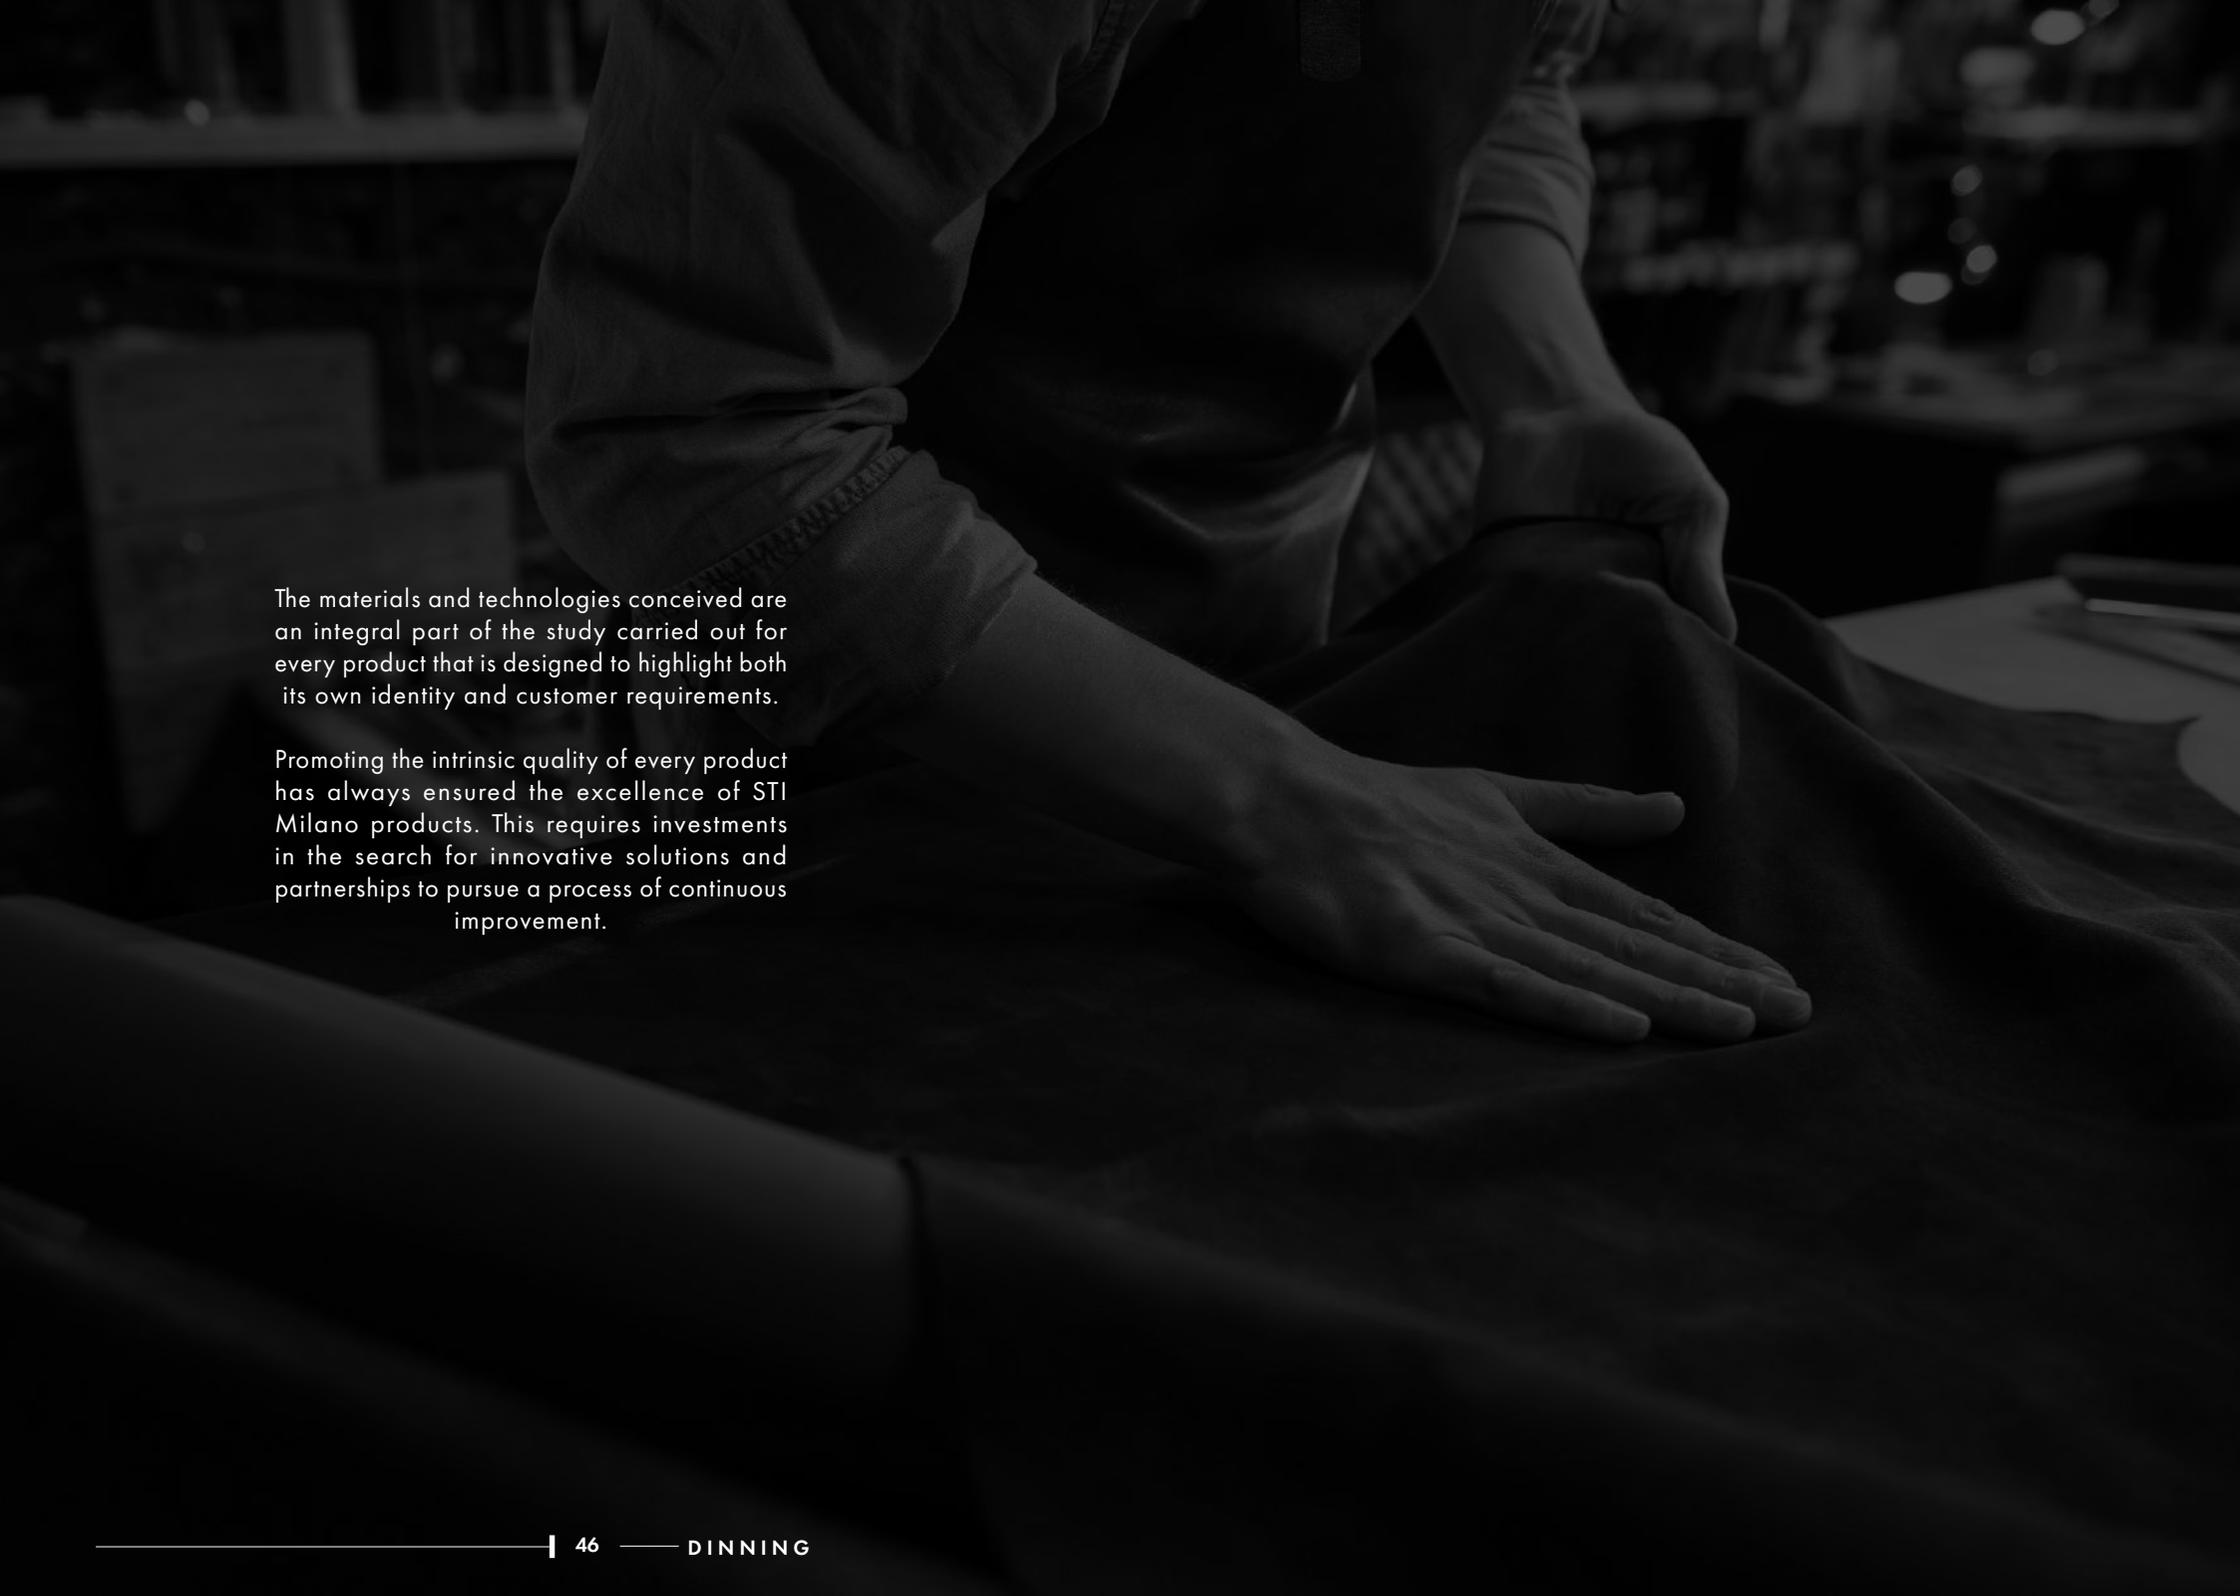

DESIGN BY : STI MILANO STUDIO

Queen Embodies the essence of modern Italian design with its clean lines, sleek curves, and exquisite craftsmanship. Made from high-quality materials, the Queen chair features a graceful silhouette that is both timeless and contemporary.

QUEEN

The materials and technologies conceived are an integral part of the study carried out for every product that is designed to highlight both its own identity and customer requirements.

Promoting the intrinsic quality of every product has always ensured the excellence of STI Milano products. This requires investments in the search for innovative solutions and partnerships to pursue a process of continuous improvement.

SIDEBOARD INDEX

A collection in the name of continuous aesthetic research, which explores the most diverse styles and inspirations. With an exceptional variety of materials and finishes, from big to small dimensions, STI Milano offers range from the most classic to the most versatile. Cardinal Table, Chair and Sideboard elements of the convivial area.

STI LEATHERS

STI Milano, synonymous with craftsmanship and sophistication, presents an exquisite range of luxury leather finishes for our discerning clientele. Our dedication to perfection is reflected in every inch of our leather, where quality meets aesthetics to create an unparalleled sensory experience. From buttery-soft, full-grain leathers that envelop you in unparalleled comfort to exquisitely textured and embossed options that redefine opulence, our collection caters to the most refined tastes. These leather finishes, available in an array of rich hues, transform each STI piece into a work of art that exudes timeless elegance.

Leather is a unique natural material which appreciates in value over time. STI leathers are carefully selected and treated in specialty leather works factories using advanced working and dyeing techniques. In an effort to retain the leathers natural qualities (wrinkles, scars, markings, shadings etc.) which are the defining qualities of any leather. When we cover our products with leather it may require more stitching than the same product covered in a different material and once each hide has been processed, it maintains a unique quality that cannot be imitated or replicated further increasing its value.

STI FABRICS

At STI Milano, we believe that every piece of furniture should be a masterpiece, a fusion of comfort and opulence. Our commitment to unparalleled craftsmanship is evident in our selection of luxurious fabric material finishes, meticulously curated to elevate your interior spaces. Our extensive range of fabric finishes reflects sophistication, durability, and timeless elegance, making each piece of furniture a statement of refined luxury.

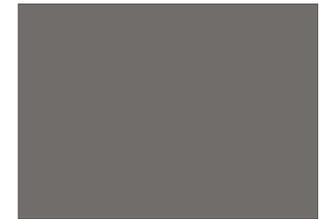

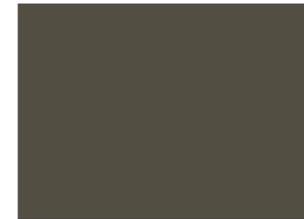

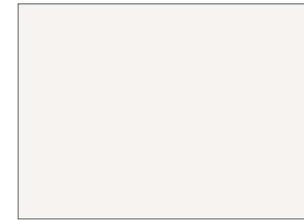

Each fabric material finish is carefully selected for its luxurious aesthetic, quality, and durability, ensuring that your furniture will stand the test of time while exuding the essence of opulence. With our wide variety of fabric finishes, you can create bespoke furniture pieces that resonate with your individual style and elevate your living spaces to new heights of luxury.

Mirror Lacquered

WOOD VENEERED

FINISHES

STI Milano's deep expertise in the versatility of wood has driven the company to explore its full potential, crafting collections that are both sophisticated and exclusive. In some designs, wood takes center stage as the defining element, while in others, it is beautifully complemented by additional materials to enhance its natural vitality. The company meticulously selects only the finest solid wood, evoking the rich aromas and timeless tradition of classic woodworking craftsmanship.

At STI Milano, we combine the artistry of traditional woodworking with modern innovation, creating collections of exceptional quality and unique character. Our approach to craftsmanship is both rare and invaluable, blending the finest artisanal techniques with cutting-edge production processes to ensure unparalleled attention to detail and precision in every piece.

MARBLE

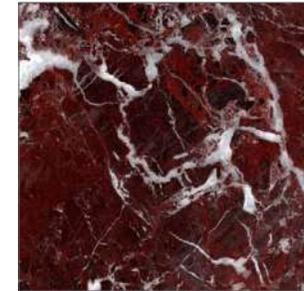

FINISHES

Natural stones offer an enduring elegance, making them highly coveted for creating luxurious and distinctive interiors. Sourced from the finest quarries worldwide, our exclusive selection of marble, granite, onyx, travertine, and limestone adds a refined and sophisticated touch to any space. Available in a spectrum of vibrant or soft tones and harmonious patterns, these stones elevate rooms with their unique beauty.

Each marble is expertly crafted using innovative technology, ensuring precision and artistry in every detail. Perfect for creating striking visual statements, this collection seamlessly blends timeless beauty with modern sophistication, transforming spaces into masterpieces of style and luxury.

CERAMIC

FINISHES

Ceramic surfaces in the collection reflect STI Milano's dedication to sensory and visual refinement. Crafted with precision and innovation, these materials offer a balance of durability and sophistication. Whether applied as tabletops, accents, or functional layers, ceramic lends a subtle luster and modern clarity to each piece it graces.

Each ceramic finish is selected for its tactile appeal and resilience, merging seamlessly with the surrounding materials. With a cool touch and elegant polish, STI Milano's ceramic elements stand as examples of design that is as enduring as it is elevated.
